Mobile Optimization & Targeted

Over 55% of traffic comes from mobile/tablet devices, and the 18-34 age group dominates.

Action: Streamline the mobile checkout process to reduce friction. Launch social media ad campaigns directly optimized for mobile users.

Time-Triggered Marketing Strategy Insight

Traffic peaks at 10:00 AM on weekdays and drops significantly during weekends.

Action: Schedule email newsletters and Paid Search (PPC) ads to launch on Tuesdays, Wednesdays, and Thursdays morning to maximize CTR and conversion rates.

Boosting Average Order Value (AOV) Insight

Top-selling items are low-cost goods (pens, stickers). Total revenue stands at \$2.68M.

Action: Implement Cross-Selling tactics at checkout (e.g., "Add a Google Pen for \$1 when buying a sweatshirt") and create bundled "Office Packs" to increase cart value.
